

CoolUnderFire CYBERSECURITY LLC

Ticket Summary

Ticket ID: CUF-2026-107

Client Type: Small Business

Status: Resolved

Issue Category

Printer Not Working

Issue Summary

Small office unable to print from any computer to shared network printer.

Environment

Client Environment: Windows 11, HP network printer, Active Directory environment.

Tools used:

My Home Lab Reference:

Steps Taken (Incident Response Process)

1. Verified printer online status
2. Cleared print queue
3. Reinstalled printer drivers
4. Checked firewall rules

Challenges & Solutions

Challenge: Driver incompatibility after Windows update.

Solution: Downloaded latest compatible drivers.

CoolUnderFire CYBERSECURITY LLC

Outcome

Printing restored for the entire office.

SOC-Relevant Lessons Learned

Printers often have weak security; they should be segmented from main networks.
